Trick or Treat is right around the “popcorn shop” if you will, and our

order board is already full of orders. Please remember that every year we totally run out of the orange & black stuff so, if you do not order early, you will turn into a pumpkin, but not the good kind of pumpkin... we’re just sayin’...

MONDAYS ARE NO LONGER BLUE!

Effective September 14th, we will re-open on Mondays. So much for two days off in a row for the pop staff! I know many of you have voiced your sadness that we gave up Mondays for the summer, but... hey only a few more days now before we’re back on our regular schedule!

If you’re Texas-cool, you’ll
check us out!... and you are!

Ok, True Story....

One of our loyal customers who adores, I mean absolutely adores our Texas Honey Pecan flavor, came in to tell us that, when he brought some of it to his relatives in Idaho this Summer, they called it Texas Gold! We thought that was so awesome! Apparently, his Uncle had never tasted anything quite like it and told our customer, Ben, that he needed to be put in touch with these “pop gals” as he very accurately referred to us – because he needed his own connection to this stuff he had now dubbed Texas Gold! Long story short, Mr. Idaho, (our nickname for him, with his blessing) forced us to be creative, and now he is on what we call “The POPcycle Plan”.... We had to devise a monthly shipping schedule where his Texas Honey Pecan could be automatically shipped to him! He also has chosen his favorite... yeah, he thinks that Chef Georgia is the best thing since the invention of the popcorn seed! He even said if he wasn’t married already, he’d marry her! Those of you who know Georgia, know how hilarious this is! Anyway we just wanted to share Mr. Idaho’s story with you, because he has topped any other Texas Honey Pecan fan.... Bar none! We love Mr. Idaho!
